HR Director
Hiring Front-End Web Developer
ABC Company
3/4 West Cost, Los Angeles

Dear Director

I am writing to express my interest in the Web Developer position at ABC Company, as advertised on LinkedIn. With my strong background in web development and a genuine passion for creating innovative and user-friendly websites, I am confident that I would be a valuable addition to your team.

I recently completed my web course in specializing in Complete Web Development, from Programming Hero. Throughout my academic journey, I gained comprehensive knowledge and hands-on experience in various programming languages, frameworks (Tailwind, Bootstrap) and technologies such as HTML, CSS, JavaScript, React, Express, Firebase and MongoDB.

Additionally, I have actively pursued personal projects and internships to further enhance my skills and understanding of industry best practices. During my course at Programming Hero, I collaborated with a student of developers to create responsive and dynamic websites for instructor across diverse industries. This experience helped me refine my problem-solving abilities, attention to detail, and ability to deliver high-quality projects within deadlines.

I am excited about the opportunity to join ABC Company and contribute to your mission of delivering cutting-edge web solutions. I believe that my technical skills, dedication to quality, and ability to adapt to new technologies align perfectly with the requirements of the position.

Enclosed is my resume, which provides further details about my educational background, professional experience, and technical skills. I would welcome the opportunity to discuss how my qualifications align with your team's goals in greater detail. Thank you for considering my application.

I look forward to the possibility of contributing to ABC Company success as a Web Developer. Please feel free to contact me at +880 1989110310 or via email at nikkonmondal1998@gmail.com to schedule an interview.

Thank you for your time and consideration.

Sincerely
Nikkon Mondal
